CHOOSE US

Clever creatives with smart solutions
for every school and academy.

We are a talented team of dedicated thinkers, creators and makers. We plan, print, produce, and install each project from start to finish, carefully managed at every stage.

Our experience of working in the education sector means we understand that your day is already full of to-do lists. Relax, we can take the reigns, guide you through the process to deliver your project on time and within budget.

We enjoy taking complex learning themes and developing them into engaging wall displays, to not only transform your space but engage with students.

We don't stop until we're proud.

INSPIRATION

65%
OF PEOPLE ARE
VISUAL LEARNERS

Environmental graphics can communicate information and aid retention far better than reading or being told the information.

Did you know:

- Of all the information transmitted to brain, 90% is visual.
- As opposed to text, visuals are processed x60,000 faster.
- Humans are capable of getting the sense of a visual scene in less than 1/10th of a second.
- Our brain can see images that last for only 13 milliseconds.

IDEAS FOR EVERY SUBJECT

We enjoy taking complex learning themes and developing them into engaging wall and window displays, to not only transform your space but engage with all your students.

This book is filled with projects we completed for other schools and academies, but here are some subject-relevant ideas to consider or even spark new design for your own walls.

Whatever information you choose for your display, we'll make it look fantastic, print the artwork and install the graphic in your school!

HISTORY IDEAS:

- British Kings and Queens since Egbert in 827 with featured monarchs of your choice.
- The Great War time-line with events leading up to it and beyond with images and quotes.
- Women's suffrage time-line with a focus on the influential ladies who fought for equality.
- Black history, from colonisation and slavery to Rosa Parks and the Civil Rights Act.

GEOGRAPHY IDEAS:

- A cross section of the earth and sky showing all the different layers with supporting facts.
- A time-line of the world's biggest volcanoes with statistics and VEI ratings.
- The water cycle or rock cycle with images.
- Full map with labels and information about some of the natural wonders of the world.

LANGUAGE IDEAS:

- World map showing where different languages are spoken.
- Origins of Indo-European language family tree diagram over the last 8,000 years.
- Foreign language idioms with supporting graphics to sound like a true linguist.
- Famous celebrities who speak more than one language such as Natalie Portman.

MATH IDEAS:

- Square, prime and cubed stair riser numbers.
- Famous mathematicians and their contributions through history.
- Solving triangles with Cos, Sin and Tan: How to remember their uses and rule equations.
- Solving equations and expanding brackets.

ENGLISH IDEAS:

- Commonly misspelt words (Naughty 40).
- Literary icons and their masterpieces.
- Identifying themes and ideas.
- Book spines for stair risers.
- Female authors through history.
- Bucket list books.

SCIENCE IDEAS:

- Influential scientists and their discoveries. (e.g. focussed on DNA, Space or Medicine)
- Periodic table with featured elements showing their properties and discovery.
