THE WORKSHOP (MALAGA)
White ink to optically clear window film

The background of the entire page is a decorative pattern of acoustic panels. It features a stylized tree branch in a dark brown color, with numerous leaves scattered around it. The leaves are in various colors: green, yellow, red, and grey. The panels have a textured, felt-like appearance. On the right side, there is a large yellow rectangular area containing text.

ACOUSTICS

Decorative acoustic ceiling and wall panels, acoustic pinboards, freestanding privacy screens and 3D wall panels. Our expert teams can recommend a solution to enhance and improve acoustic performance in your space.
